Empowering tribal women to become self-sufficient entrepreneurs.

Raj Uphaar – Social Impact

Each hamper contributes to the employment of over hundreds of rural women in South Gujarat. Every purchase from Raj Uphaar empowers tribal women to achieve financial independence.

Raj Uphaar is more than just a gift; it's a catalyst for change. Each purchase empowers rural women in South Gujarat, transforming lives through employment and skill development. Help Us Green – Sustainable & Eco-friendly

Diwali, the festival of lights, celebrates renewal and hope. HelpUsGreen embodies this spirit by transforming waste into beautiful products and a brighter future. Every purchase diverts temple flowers from polluting rivers, protects biodiversity, and empowers over 128 rural women with sustainable livelihoods.

These women, once marginalized waste collectors, are now respected artisans crafting eco-friendly incense, compost, and packaging. This Diwali, choose gifts that illuminate not just homes, but the lives of others. Let HelpUsGreen guide you towards a sustainable and hopeful celebration.

Empowering rural women with sustainable livelihoods.

Millegram – Nano Entrepreneur

Tired of the processed food landscape, the founders of Millegram craved the wholesome goodness of their childhood. Concerned about the nation's nutritional deficiencies, they embarked on a mission to revive India's culinary heritage. Millets, a forgotten superfood, became their answer. With Ragi Bites, they introduced a taste of tradition packed with nutrients. Millegram isn't just a brand; it's a commitment to healthier living.

Reviving ancient weaving techniques and empowering rural women artisans.

Deepal Shah – Nano Entrepreneur

Deepal Shah, a nanopreneur working from home has turned the traditional craft of diya-making into a sustainable business model and also empowers other women from disadvantaged backgrounds.

Deepal teaches these women who are often from economically backward areas, the art of making diyas, allowing them to earn a livelihood while working from the comfort of their homes. This initiative not only preserves a cultural tradition but also provides financial independence to women who may have limited opportunities due to societal constraints.

The collaborative effort fosters a sense of community, uplifts local economies, and contributes to the larger goal of women's empowerment. Through this model, the nanopreneur and her network of women artisans are making a significant impact, one diya at a time.

With every gift, a story unfolds.

Behind every product in our hampers lies a tale of human ingenuity and social impact. From the beautiful rural landscapes across India, we've curated a Diwali gifting collection that delights and inspires. Each purchase empowers artisans, supports sustainable practices, and contributes to a brighter, greener future.
